

2020 CONCERT SERIES RULES

1.

For your safety, we have painted "viewing circles" on the grass to help practice social distancing.

- a. You must be inside a viewing circle to sit and watch the concert.
- b. Viewing circles are **first come, first served**, and fit a maximum of 6 people at a time (guests are required to know each other and consent to sharing a circle). You may set up in your viewing circle beginning at 5pm.
- c. If you have a viewing circle, you may set up chairs or blankets within your circle.
- d. Once seated, we do ask that you refrain from leaving your circle during the concert, however this is not required.
- e. If you were unable to secure a viewing circle, you will not be permitted to sit or stand in the event area. We do hope you can enjoy the music while dining outside at an eatery or walking around the center—and hope you are able to grab a circle next time! **Thank you for understanding** and doing your part to keep others safe.

2.

Alcohol and smoking are prohibited during this event.

3.

Masks are required if entering a business. Masks are not required while outside, but are recommended.

5.

All safety precautions already in place and can be found on the website.

6.

For a superb experience, grab carry-out from one of Boulevard at Box Hill's restaurants or eateries to enjoy with some tunes and support local businesses. Tip: order ahead online for fast pickup!

4.

Please be respectful to those around you and practice social distancing.

- a. Guests are to **respect the distance** between their neighboring circles when traveling to and from their viewing circle.
- b. All guests should use walkways for pedestrian traffic while practicing social distancing. No sitting outside of viewing circle in event area.
- c. Groups or guests not practicing social distancing or blocking walkway will be asked to keep moving. This is to prevent large gatherings that violate social distancing.
- d. Dancing is permitted inside your viewing circle only.

7.

Most importantly, remember to drink plenty of water—hydrate, hydrate, hydrate. 😊

We [always] put you in a [good] spot.
